

## ENJOY A CORPORATE COHESION EXPERIENCE THAT IS MEMORABLE AND UNIQUELY YOURS!

### Distinctive Clubhouse Experiences

Beyond being a great place for family and friends to relax and have fun, CSC clubhouses are well-equipped with meeting facilities that can be hired by government agencies and private companies. Each of the CSC clubhouses has a distinct setting and personality to cater to the experience you would like for your event.

With its accessibility to Farrer Park MRT Station, CSC @ Tessensohn is a town clubhouse, perfect for events which need to be held in a central location. It has comprehensive facilities to host MICE events, including 7 function rooms, a 192-seater auditorium, 2 ballrooms, a boardroom and a multi-purpose hall, totalling more than 1,000 sqm of MICE space. It also has 2 cookery studios, a dance studio and full-size swimming pool that can be used for corporate bonding activities.

Nestled on the hill, CSC @ Bukit Batok provides a resort-feel to your corporate events, given its lush greenery and water-park features. The Clubhouse has 2 function rooms and a dance studio, with a third function room to be completed by late 2019. Despite giving the sense of being nestled amidst nature, the clubhouse is very accessible from Bukit Batok MRT Station and bus interchange, with both being just a short walk away.

CSC @ Changi I, our seaside clubhouse, is the perfect place if you are looking for somewhere away from the hustle and bustle. Located next to Changi Village and facing Changi Point, the clubhouse has 3 function rooms, 1 boardroom, and a ballroom. CSC @ Changi II and CSC @ Loyang (the former Aloha resorts), which are our resorts located a short distance away, can also be booked as they each have a meeting room.

### Fully Customised Corporate Events

The Club can design team-building activities not just at our clubhouses but also at your own premises. With over 700 social activities organised for members and Public Service officers every year, we have the network and experience to deliver successful events, so you can leave all the planning and organising to us.

Besides hosting meetings, conferences, townhalls and team-building activities, the clubhouses have the capacity to host mass events of more than 1,000 people. Organising events of this scale can be logistically time-consuming, so our past corporate clients appreciate the ease of handing this over to the Club instead. For the third consecutive year, Singtel has hosted their annual Inter Group Games at Tessensohn (page 27).

Mass events such as family days and sports meets can be held at the clubhouses as they offer a one-stop solution for hosting a wide range of activities. Best of all, you can customise your activities to cater to the different interests and age groups of your staff all within the same building. The tennis courts, rock walls, futsal courts, bowling centre, dance studio, Olympic-size pool and multipurpose courts at CSC @ Tessensohn are perfect for sports events, while the kids-friendly pool facilities and bowling centre at CSC @ Bukit Batok are ideal to host family days.

## Stay-Meet-Play

For a work planning session with a difference, you can twin your work planning session with a team bonding activity such as stand-up paddling at CSC @ Loyang's sea sport centre or go mangrove kayaking expedition and Chek Jawa nature trail at Pulau Ubin, and even a stayover at the CSC chalets.

The chalets at CSC @ Changi I, CSC @ Changi II and CSC @ Loyang can also be used as a venue for conducting group activities – yoga, leather crafting, tea appreciation and the likes. Our chalets have all been recently refurbished and provide a relaxed alternative to the confines of boxed-up function rooms. To end the session on a high note, BBQ Pavilions are available for team dinners under the stars.

## Interactive Challenge

The CSC Interactive Challenge uses technology to foster teamwork with different teams competing against one another in a race against time. Using a mobile phone, teams solve puzzles and tasks to unlock the next location not just within the clubhouses but its surrounding neighbourhood. Drawing from the concept of the Amazing Race, team members are required to work together to win. Launched a few years ago, the game is available at all CSC Clubhouses and is very popular as it makes team bonding fun and interactive. There are different themes available for the Interactive Challenge, with the Escape Heist edition for those who do not want to run around, or even a Bicentennial edition with references to the history of Singapore.

**For more info or to enquire to book, please contact any of the representatives below from our Social team or the respective Clubhouses:**
