

HEY MEMBERS!

EVENTS IN THE NEW NORMAL AT CSC

Host a work-and-play session within the same venue.

CSC clubhouses are among Singapore's top choices as venues for personal or corporate events of all kinds. The resort-style ambience of CSC @ Bukit Batok is a family favourite with its hilltop greenery and water park features. CSC @ Changi I beckons as a serene coastal retreat for a laid-back experience. Or if you are looking for a multi-faceted event with sporting and activity elements, CSC @ Tessensohn delivers every time. Whether you are a corporation or a public service agency, and need a venue for a conference, workshop, family day, or corporate cohesion activity, CSC has everything you need.

THE NEW NORMAL

With the safe management measures limiting or halting social gatherings, the Club had to innovate and develop better solutions for event organisation in the new normal. Today, the Club has unveiled fresh and exciting ways to host your events safely.

CSC offers options for the hosting of virtual or hybrid events to facilitate online and socially distanced activities or meetings. Our recently-launched video conferencing equipment and portable 3m by 5m LED screens perfectly complement these event types.

Our multiple venues allow for scalability and variety, so whether virtual, hybrid or in-person events, large or small, CSC will check all your boxes for a unique and engaging experience.

Consider a virtual bowling tournament or league where your staff plays at their own time, at any CSC bowling centres, and leave the Club to tally their scores. Or perhaps an in-person or hybrid Family Day where your staff is hosted within one clubhouse or spread across three clubhouses yet connected through video conferencing. On a smaller scale, how about a hybrid staff talentime

or a cook-off competition? The same mode can be applied to other events such as townhalls, annual general meetings, product launches, media events, conferences and kindergarten graduating events.

You can also leverage on our network of partners to incorporate virtual or hybrid cohesion activities such as interactive e-gaming or virtual challenges for a unique and engaging team bonding experience. Think virtual escape room or fitness challenges.

THE CSC ADVANTAGE

Despite the safe management measures, our service and expertise in hosting a successful event is not compromised. Throughout your event, the Club will be on hand to ensure a stress-free experience from start to finish. Let us advise you on the latest measures, and work closely to guide you along.

CERTIFIED CLEAN AND SAFE

Apart from our service and expertise, we also take pride in our

cleanliness. All our clubhouses have received the SG Clean Quality Mark, having met all sanitation and hygiene standards by the National Environment Agency. The Club is also in compliance with the recommended standards from governing bodies such as SportsSG and Singapore Land Authority.

UNIQUE EXPERIENCES EVERY TIME

Through it all, CSC continues to be an excellent place for family, friends and colleagues to relax and have fun. Whether it's a remote, hybrid or in-person event, our clubhouses can bring out the distinct and vibrant experiences to suit the tone and energy of your event.
